AIRPORT ADVISORY NOTICE

Notice # 2020 - 050

Date: December 7, 2020

Time: Monday at 22:00 pm through Wednesday at 06:00 am local time

Subject: Taxiway "D" Closure Between Taxiway "A" and Runway 16R/34L (32-Hour Closure) -- REVISED --

Please see attached diagram for additional information regarding this closure. (Reference VNY Airport Advisory #2020-047).

Taxiway "D" will close between Taxiway "A" and Runway 16R/34L for 32 hours beginning Monday, December 7, 2020 at 22:00 pm through Wednesday, December 9, 2020 at 06:00 am in support of the Taxiway A Rehabilitation Project.

- Monday, December 7th at 10:00 pm through Wednesday, December 9th at 06:00 am (local times).

During this 32-Hour closure of TWY D, construction activity will block access to and from Taxilane A2 to Taxiway A. Taxilane A3 will be the sole ingress/egress to the northwest corner of the airfield from Taxiway A.

All eastbound aircraft will hold at the temporary Intermediate Hold Bar and contact the Tower on the ground control frequency (121.70) to advise holding short at "Check Point 1". This will avoid aircraft conflicts of both inbound and outbound aircraft utilizing the east portion of Taxilane A3 during this construction phase.

This area remains a Non-Movement Area and is NOT visible by the Tower.
The final responsibility is with the pilot for maintaining adequate clearances from oncoming traffic.

NOTE:

For official NOTAM information, go to <https://pilotweb.nas.faa.gov/PilotWeb/> or contact a Flight Service Specialist at 1-800-WX-Brief (1-800-992-7433).
