Issued: 01/31/2022 1959 (UTC)
FAA Los Angeles ARTCC

Effective: 01/31/2022 2000 (UTC)
Letter to Airmen: LTA-ZLA-9

Subject: SUPER BOWL LVI (56) Special ATC Procedures [Rev 1]

Cancellation: 02/15/2022 0800 (UTC)

Revision 1 (Rev1) January 31, 2022 - The following changes have been made regarding the Ramp Reservation Program: the date and time have been updated (now February 9, 2022 0800 UTC through February 15, 2022 0800 UTC); KSMO has been added; and KLAS/KVGT/KHND/KPSP/KSAN have been removed.

In anticipation of a large number of aircraft operating to and from the Southern California metropolitan area airports during Super Bowl LVI week, the following Special Air Traffic procedures will be used to enhance safety and minimize air traffic delays.

Restricted Parking and Reservation System, Security Provisions, and Air Traffic Services for Los Angeles Metropolitan Area Airports

Valid: February 9, 2022 – February 15, 2022

Please refer to: www.faa.gov/superbowl

Ramp Reservation Program

Due to the high volume of air traffic anticipated during the 2022 Super Bowl LVI activities, a ramp reservation program is required for arrivals and departures, **including drop-and-goes, to and from airports in the Los Angeles metropolitan area**, between Wednesday, February 9, 2022, 0800 UTC and Tuesday, February 15, 2022, 0800 UTC. The following flights are exempt from this reservation program: regularly scheduled air carriers and air taxi operations, including flights operating under Title 14, Chapter II, Subchapter D, Part 380, which covers Essential Air Service under the Small Community Air Service Development Program (SCASDP).

Participating airports include – Los Angeles International (KLAX) – Santa Monica Municipal (KSMO) – Jack Northrop-Hawthorne (KHHR) – Van Nuys (KVNY) – Hollywood-Burbank (KBUR) – Long Beach-Daugherty (KLGB) – John Wayne/Orange County (KSNA) – Ontario International (KONT) – San Bernardino International (KSBD).

For arrival and departure ramp reservations, contact your preferred FBO at that airport. In the absence of an FBO, contact the Airport Authority.

Many other airports - especially those within a 70 NM radius of KLAX - are projecting a substantial increase in operations, and parking at surrounding airports may be unavailable. Operators without reservations should expect significant delays in and out of the area.

VFR PILOT CLARIFICATION: The Super Bowl LVI reservation system **will not** apply to VFR air traffic. However, an airport may have more stringent requirements for itinerants, due to constrained ramp space and resources. Please contact the FBO or Airport Authority where you are based, and at those locations where you intend to arrive/depart.

SECURITY PROVISIONS

Special security provisions will be in effect for this event, including, but not limited to, Temporary Flight Restrictions (TFRs), two-way radio communications, and discrete transponder requirements. Specific NOTAM procedures may be

revised, and arrivals to some airports possibly restricted so please review NOTAMs frequently to verify you have the current information.

TFRs are normally disseminated via FDC NOTAM, 3 to 5 days prior to the event. Once published, text and graphic depictions of the restrictions may be accessed at – <http://tfr.faa.gov/tfr2/list.html>.

The following operations are not authorized within the Super Bowl LVI TFR: flight training, practice instrument approaches, aerobatics, glider and parachute operations, ultralights, hang gliding, balloon operations, agriculture/crop dusting, animal population control flights, banner towing, sightseeing, maintenance test flights, model aircraft operations, model rocketry, Unmanned Aircraft Systems (UAS), utility and pipeline survey operations. **Additionally, to augment aviation safety, all of the operations listed above are strongly discouraged throughout the greater Los Angeles metropolitan area from Wednesday, February 9, 2022, until Tuesday, February 15, 2022.**

***NOTE-** Practice approaches, touch-and-goes, flight following services and pilot training operations at airports in the Los Angeles metropolitan area will be extremely limited and possibly curtailed during this time period, due to the high volume of traffic associated with Super Bowl LVI.*

SUPER BOWL TFR NOTAMs DO NOT SUPERSEDE RESTRICTIONS PERTAINING TO THE USE OF AIRSPACE, AS DESCRIBED IN OTHER APPLICABLE FDC NOTAMs.

For further information, please refer to: www.faa.gov/superbowl

TRAFFIC MANAGEMENT

IFR jet and turboprop aircraft arriving KLAX, KSMO, KHHR, KVNY, KBUR, KLGB, KSNA, KONT, KSBD, KPSP, KSAN, KCNO, and KTOA will be required to file one of the following routes:

KLAX
